UN'AZIENDA ITALIANA DI DESIGN

L'azienda Cadore arredamenti viene fondata nel 1969 da Bernardo Cadore, un giovane artigiano dotato di una forte sensibilità artistica che, affiancato dalla moglie Antonia, decide di seguire il proprio sogno costituendo la società Cadore Arredamenti s.r.l. e, da qui, di iniziare a costruire le basi che lo porteranno a creare il proprio brand.

È l'inizio di una storia come tante altre iniziate in quegli anni di rinascita e di rilancio dell'imprenditoria Italiana, se non fosse che Bernardo porta un cognome che è anche il nome di un territorio, indomito e straordinario, posto tra le Dolomiti ed il mare, che più di ogni altro rappresenta l'eccellenza dell'artigianalità italiana: i tessuti e le scarpe di Asolo, la ceramica e i gioielli di Vicenza, i vini di Valdobbiadene e di Conegliano, gli occhiali di Calalzo, i mobili di Bassano, i vetri di Murano, e l'elenco potrebbe continuare a lungo.

IDENTITÀ

L'Azienda Cadore è caratterizzata da fortissimi elementi identitari, legati al territorio di appartenenza e di origine che, grazie alle conoscenze e alle capacità maturate nel corso dei decenni di attività, riescono a trasferire questo patrimonio nei più avanzati progetti di designer internazionali. La cura artigianale e l'attenzione al dettaglio, assieme allo scrupolo della ricerca della qualità assoluta, mettono il Made in Italy al servizio del design internazionale.

AN ITALIAN DESIGN COMPANY

Cadore was founded in 1969 by Bernardo Cadore, a young craftsman with a very artistic vocation, who supported by his wife, Antonia, decided to follow his dream and create the company Cadore Arredamenti s.r.l. Thus the foundations were laid for the subsequent development of their brand.

It was the start of a story not unlike many others during those critical years characterised by the nation's economic recovery and the relaunch of Italian corporations, except that Bernardo's surname was also the name of an untamed and extraordinary territory located between the Dolomites and the sea, which represented the excellence of Italian craftsmanship more than any other place of its kind: the textiles and shoes of Asolo, the ceramics and jewels of Vicenza, the wines of Valdobbiadene and Conegliano, the eyewear of Calalzo, the furniture of Bassano, the glass of Murano, and the list goes on.

IDENTITY

Cadore is characterised by a strong and unique identity. Deeply rooted in its place of origin and supported by a wealth of knowledge and skills developed over decades of experience, it is this identity which succeeds in translating our heritage into some of the most advanced projects conceived by leading international designers. Our craftsmanship and attention to detail, as well as our constant and meticulous search for the utmost quality, propel the concept of Made in Italy to the forefront of international design.

Con le collezioni 018 per Cadore Interiors ho posto la mia personale sensibilità sul concetto di mobile contemporaneo. Non ho voluto tuttavia rinunciare alla qualità che Cadore ha sempre espresso nel design classico.

Questa proposta esplora il concetto del design contemporaneo attraverso raffinate lavorazioni ad intarsio con essenze lignee policromatiche.

Le linee semplici della collezione appaiono quasi in antitesi alla complessità delle lavorazioni. La collezione ha una spiccata connotazione tessile-pittorica, con memorie futuriste.

Carlo Alberto Rustighi
Designer

When designing the 018 Collections for Cadore Interiors, I turned my attention to the concept of contemporary furniture. However, I also didn't want to compromise the quality that Cadore has always expressed in its classic designs. This collection explores the concept of contemporary design through exquisite marquetry using polychromatic wood veneers.

The clean lines of the collection almost seem at odds with the complexity of the craftsmanship. The collection has pronounced textile and pictorial connotations embellished with futuristic elements.
